€180,000

This lovely country property sits slightly elevated with panoramic country and distant mountain views. The house is neither on mains water or electric by choice. Water is delivered by lorry and the house runs on solar panels. There is a very short track to the house, so access is easy. The front porch runs along the house and has been glazed to create a lovely summer room as it is south facing. The kitchen, which is spacious, has a door out to a sunny terrace and has a large utility room. There is a separate dining room and a large living room with a fireplace. The bathroom has two doors, which you can enter from the living room or from the double bedroom. From this bedroom are patio doors leading out to a north-facing terrace if you are looking for shade. There is another guest bedroom, which also has access to the back terrace as does the master bedroom. The Master bedroom has a large en-suite bathroom with a shower cubicle and a freestanding bathtub; there is also a walk-in wardrobe. From the terrace we find a spiral staircase, which takes us up to the flat roof, where you can enjoy the panoramic country views. The lower terrace extends out and house has a lockable garage underneath. This property is located in a quiet area, only a short drive to the local beaches, schools, and motorway or town centre of Mazarrón.
