

## REF 977 Harbour Apartment with Parking 977

**€114,900**

This apartment is just in front of the harbour of Puerto de Mazarrón and a few steps away from the local beach. There is a balcony from the living room, but unfortunately it doesn't face the harbour, so there are no views, hence the excellent price. This two bedroom apartment with allocated underground parking has everything you need for a short break to the seaside. You have an array of bars, restaurants, shops and sandy beaches within a 2 min walk. More photos and video of the interior on request. Book your viewing now !
